CarolinaSignatureHomes.com

Your life is unique.

Shouldn't your home be unique as well? We build homes designed to fit your lifestyle. We begin by being good listeners. We learn about your tastes, your desired amenities, and your future plans that may impact your home. We provide suggestions and guidance based on our experience and knowledge of design trends.

Customized quality.

At Carolina Signature Homes we have been cultivating valuable relationships with skilled building trade professionals since 1997. We utilize these professionals not only as craftsmen during the build, but also as consultants to help achieve your vision of your ideal home.

Are we there yet?

We understand that building a home is a long, involved experience. That's why we've gained a reputation for being easy to work with. We allow flexibility during construction and schedule numerous meetings throughout the process. Being a smaller builder allows Carolina Signature Homes to provide personalized service and regular on-site attention directly from the company owners.

Your home may be your life's biggest investment.

Count on us to also make it one of the greatest values. Carolina Signature Homes delivers an exceptional home in a wide range of prices. The most remarkable aspect of a Carolina Signature Home is just how much you get for your money - whether you are comparing space or detailed craftsmanship.

Building a relationship... for life.

It's not just a motto. We firmly believe the way to continue our success is to provide a homebuilding experience and residence you will eagerly tell your friends and relatives about. And, when you are ready for your next home, you will insist on Carolina Signature Homes.

Whether you are ready to build on property you already own or are just beginning to consider building a home, give us a call. Carolina Signature Homes is building in the Grand Strand area of South Carolina – from north of Georgetown, S.C. up to the North Carolina border and west to Aynor, S.C.
